

Exporting Crude Oil: Policy Update and Prospects for Projects

The renaissance of U.S. oil production and rapidly changing oil markets have ignited a debate regarding the United States' 40-year ban on exports of crude oil.

A panel of distinguished industry participants will provide varying perspectives on the complex policy debate that is underway, and discuss the implications for current and planned projects.

**Wednesday, April 29, 2015
6:00 pm to 8:00 pm**
